STATISTICS: 1450.02 (19126)  
INTRODUCTION TO THE PRACTICE OF STATISTICS  
SUMMER 2022

Course Overview

Instructor and Office Hours
Laura Jones  jones.5810@osu.edu  Please do not include buckeyemail when sending an email. It will be sent to my student account and may result in a delayed response.

Virtual Hours via CarmenZoom
Link:  
Passcode:

Office hours may be added or adjusted to accommodate more students. Additional appointments can be made if needed. If you would like to arrange a time to talk through Zoom, please reach out via email at least 24 hours in advance of the time you would like to meet.

Teaching Assistants
There are two TAs working with the course. The one you will get to know the most has been assigned to you via your scheduled recitation.

Course Description
Algebra-based introduction to data analysis, experimental design, sampling, probability, inference, and linear regression. The inference practices will involve confidence intervals and hypothesis tests for a population mean (both with sigma known and unknown) and a population proportion, the difference between 2 population means and 2 population
proportions, paired data, and the Chi-square test of independence. Emphasis will be put on applications, statistical reasoning, and data analysis using statistical software. This 3-credit hour course expects all students to have completed a baccalaureate-level mathematics course. Please note that the method of delivery for lecture is asynchronously online while the recitation will meet synchronously online.

Your Support System

1450.02 Coordinator and Instructor

Professor Jones keeps all STAT 1450.02 students abreast of updates and important developments with the course along with managing the overall course structure with instructional resources and lecture presentations.

Weekly announcements will be sent out via Carmen. It is very important that you stay up to date on their details.

Teaching Assistants

The TAs will use weekly recitations to reinforce and extend content covered in lecture. Students are expected to be active participants in these sessions.

Tutors

The TAs and Professor Jones will provide support through office hours. Although you are assigned a specific TA for recitation, you are welcome to attend any of the scheduled office hours for STAT 1450.02. All office hour offerings are posted on the Carmen homepage.

The Statistics Department (Cockins 404) does keep a list of private tutors if necessary. Students currently enrolled in a statistics course offered by the Ohio State Department of Statistics may contact Jean Scott, Statistics Program Coordinator, about hiring a private tutor. She can be reached at 614-688-5913 or scott.961@osu.edu.

Primary Course Goal:
• To develop skills in drawing conclusions and critically evaluating results based on data

Course Objectives:
• To introduce you to correct data collection methods through random sampling, experimental design, and surveys
• To enable you to use statistical tools for presentation and descriptions of data
• To enable you to understand basic probability rules and sampling distributions as the foundation of inference
• To enable you to analyze data through linear regression, confidence intervals, and hypothesis tests
• To enable you to evaluate statistical procedures in the context of assumptions, biases, and extrapolation
Course Learning Outcomes

This course satisfies the General Education requirement in Data Analysis.

By the end of this course, students should successfully be able to:

- Understand basic concepts of statistics and probability.
- Comprehend methods needed to analyze and critically evaluate statistical arguments.
- Recognize the importance of statistical ideas.

Professor Jones’s Vision for Your Completion of STAT 1450.02

- You will become proficient in collecting, organizing, analyzing, and interpreting data.
- You will become competent in the use of data analysis software.
- You will interpret findings and improve in your ability to justify your results.
- Your metacognition and desire to reflect upon what you have learned will be heightened.
- You will respond to a problem by: considering any relevant assumptions, analyzing, and effectively communicating your results.
- You will gain a greater appreciation for statistics (and the mathematics that underpins our work).
- You will complete the Data Analysis General Education (GE) requirement.

Personal Vision Statement and Commitment

Course Materials

Required Course Materials
The textbook and courseware for this course is being provided via CarmenBooks. Through CarmenBooks, students obtain publisher materials electronically through CarmenCanvas, saving them up to 80% per title. The fee for our material is included as part of tuition and is listed as CarmenBooks fee on your Statement of Account. In addition to cost-savings, materials provided through CarmenBooks are available immediately on or before the first day of class. There is no need to wait for financial aid or scholarship money to purchase your textbook.

Unless you choose to opt-out of the program, you do NOT need to purchase any materials for this course at the bookstore. For more information on the program or information on how to opt out, please visit the CarmenBooks website.

CarmenBooks will include an e-book of the textbook (The Basic Practice of Statistics, 9th ed. by Moore, Notz, and Fligner) along with access to Achieve (our online quiz and homework system). In addition to the e-book, if you would like a hard copy of the textbook, please visit the OSU Bookstore: https://tinyurl.com/W21-STAT-145002-32810

STUDENT REGISTRATION INSTRUCTIONS
• Log into STAT 1450.02 through Carmen.
• Click on “MacMillan Higher Education” in the left navigation panel.
• Click the Achieve link (note: if you encounter an error message or blank screen, you will need to adjust your browser settings and/or disable pop-up blockers).
• Agree to Macmillan Learning terms of use and end user agreement.
• Click on any Achieve assignment link to launch the assignment. Follow the associated steps and continue to your assignment page.
• You are now enrolled in the course and can access future assignments through the Carmen links.
• To access your e-book, select the textbook graphic on the far left of the Achieve homepage.
• Need Help? The technical support team can be reached by phone, chat, or by email via the Student Support Community. To contact support please open a service request by filling out the webform: https://macmillan.force.com/macmillanlearning/s/contactsupport

Required Supplemental Materials
JMP is the statistical software for this course. JMP is free.
Click on www.jmp.com/macmillan.
Enter F1319244378MOORE as the authorization code.
Proceed to download and install JMP-Student Edition.

OR
Request it through the university at https://ocio.osu.edu/software/directory/slwin
Highly Recommended Materials

Texas Instruments 84 (or higher) Graphing Calculator. Note that at least a basic calculator is required.

Course Technology

For help with your password, university e-mail, Carmen, or any other technology issues, questions, or requests, contact the OSU IT Service Desk. Standard support hours are available at https://ocio.osu.edu/help/hours, and support for urgent issues is available 24/7.

- Self-Service and Chat support: http://ocio.osu.edu/selfservice
- Phone: 614-688-HELP (4357)
- Email: 8help@osu.edu
- TDD: 614-688-8743

Baseline Technical Skills Necessary for Online Courses

- Successful students will possess basic computer and web-browsing skills
- Students will be familiar with navigating Carmen
- Students will need to be proficient with the MS Office Suite (in particular Word and PowerPoint)

Technology Skills Necessary for this Specific Course

- CarmenZoom text, audio, webcam, and screen share. If you need technical assistance, either call 614-688-HELP, or refer to the online instructions: https://resourcecenter.odee.osu.edu/carmenzoom
- Use of Achieve, which you must purchase (see above). If you need technical assistance, either call tech support at 1-800-936-6899 or fill out the form located at https://macmillan.force.com/macmillanlearning/s/contactsupport

Necessary Equipment

- Computer: current Mac or PC
  - Mac minimum requirements for JMP: OSX 10.6 or later, 1GB RAM, 500MB free hard disk space
  - PC minimum requirements for JMP: Pentium 4 or higher, Windows XP or later (Home Basic Editions not supported), 1GB RAM, 500MB free hard disk space, and True (24bit+) color with resolution 1024x768 or greater
  - Internet Browser: Chrome
- Robust high-speed internet connection
- Webcam: built-in or external webcam, fully installed
- Microphone: built-in laptop or tablet mic or external microphone
- Microsoft Office 365 ProPlus. All Ohio State students are now eligible for free Microsoft Office 365 ProPlus through Microsoft’s Student Advantage program. Each student can install Office on five PCs or Macs, five tablets (Windows, iPad® and Android™) and five phones.
  - Students are able to access Word, Excel, PowerPoint, Outlook and other programs, depending on platform. Users will also receive 1 TB of OneDrive for Business storage.
  - Office 365 is installed within your BuckeyeMail account. Full instructions for downloading and installation can be found https://ocio.osu.edu/kb04733.
Grading

Grades — The following is the ONLY credit that will be offered. Please refrain from asking for additional work as a means to boost your grade. This is unfair to offer to 1 student and is impractical to offer to the whole class.

<table>

</tbody>
</table>

Recitation Activities: Weekly recitation activities (due on Thursdays) are your first attempt at the material and therefore are graded based upon completion and good faith effort. Do your best while working through them. It is an opportunity to begin to think through the material in a group setting. They will be due within an hour of the conclusion of your scheduled recitation time, but note that you will ONLY earn credit on the activity if you attend and participate in your assigned synchronous session.

Recitation Surveys: For each recitation activity, there will be a corresponding participation survey. These surveys are meant to gauge your comfortability with the content and the effectiveness of your group work. They will be due by 11:59 pm the day after your scheduled recitation.

Checkpoints: Checkpoints will be strategically placed at the end of lecture content. They serve as knowledge checks to ensure you are following along with the material. They can be found in the “Modules” tab of Carmen and are graded mostly on completion, but a component will be dedicated to your accuracy. It is recommended that you complete them as you move through the content.
Homework Assignments: Weekly homework assignments (due Fridays) are a chance for you to further explore the material, so they have unlimited attempts. As long as you do not give up on the problem, you can attempt it as many times as you would like without penalty.

Quizzes: Quizzes (due roughly every other Monday) have 1 attempt per question with a 1 hour and 30-minute time limit. You can reference your notes, the textbook, or any other Achieve resources. Unlike homework assignments, you should feel confident with the material before taking the quiz.

Late Submissions: NO LATE WORK IS ACCEPTED. For extenuating circumstances, please contact Professor Jones (jones.5810@osu.edu) BEFORE the assignment deadline. If a request for an extension is received after 5 pm on the assignment due date, it will be considered one of your dropped assignments.

Multiple dropped assignments are worked into the system. They include: the lowest 2 homework assignments, the lowest quiz score, and the lowest 2 recitation scores (1 for each half of the semester).

The exact due dates for the above assignments are on the course calendar that is included at the end of this document and on the Carmen Homepage.

Exams
All course exams will be taken through Carmen, and they will be proctored via CarmenZoom. The requirements for the duration of the exam will be to:

• Use the Chrome browser
• Share your webcam
• Share your screen

At least a week prior to the scheduled exam, you will be provided with a CarmenZoom meeting link and passcode. Please do not share this information with other students since their assigned meeting space may be different.

Please enter the CarmenZoom meeting space by 4:40 pm so that the proctor has time to place each student in a breakout room. This will ensure the exam can begin promptly at 5 pm.

If you have a direct conflict with an exam, you must contact Professor Jones at least 2 weeks in advance of the scheduled exam time. Requests received after this may not be honored or may receive a grade deduction. You will be expected to schedule an alternative time to take the exam (prior to the one scheduled for the class) at an approved proctoring site. The Ohio State University (OSU) Testing Center (http://registrar.osu.edu/testing/) is an acceptable proctoring site. Most other institutions (e.g., Columbus State Community College or Franklin University) also offer proctoring for a fee.

The format of all exams may include multiple choice, fill-in-the blank, and short answer questions. To receive full credit, you must show appropriate work on the short answer questions including formulas and graphing calculator functions with inputs.
**Midterm:** The duration of the exam will be 1 hour. It will cover Chapters 1-6, 8, 9, 12, 13, & 15. **Final Exam:** The duration of the exam will be 2 hours. It will be cumulative, but there will be an emphasis on the content you have not been tested on (ie Chapters 16-18, 20-23, and 25).

Make-up exams will only be offered to those with extenuating circumstances if requests are received in a timely manner. **The exam must be taken within 3 days of the scheduled exam date.**

**Course Registration and Completion**

Students should work with department staff on any ADD and SECTION changes. Students should contact Jean Scott (Cockins Hall 408A jscott@stat.osu.edu).

<table>

90–92.99: A-  
87–89.99: B+  
83–86.99: B  
80–82.99: B-  
77–79.99: C+  
73–76.99: C  
70 –72.99: C-  
67 –69.99: D+  
60 –66.99: D  
Below 60: E

**Faculty Response**

**Instructor Feedback and Response Time**

Grading and Feedback  
Exam grades will be available within 7 days.

E-mail  
All course e-mail correspondence must be done through a valid OSU name.# account. Expect a 24-hour response time when communicating with TAs and Professor Jones.
We are here to support you, but just not quite in a true “on-demand” sense.

**Attendance and Participation**

**Course Delivery**

Each week several lecture presentations will be posted in the “Modules” tab of the Carmen website. You are responsible for viewing the lectures and studying the material that is assigned each week. In addition to the lecture content, weekly assignments will be posted. You will be given ample time to complete the assignments.

The vast majority of the course can be completed asynchronously, meaning that you will be able to study materials and work on assessments according to your own schedule. To be successful in this course, I highly recommend that you develop your own schedule and stick to it.

The curriculum for this course has been primarily sub-divided into chapters. Each chapter will consist of Guided Notes, PowerPoints with recorded explanations, examples, and practice exercises. This quartet of resources replace common components of the lecture-recitation classroom-based learning experience. These resources even transcend traditional instruction since (for example) learning can occur both asynchronously (any time and any place) and in an “on-demand” capacity (i.e., the PowerPoint lectures give you flexibility; you can choose to play the slideshow from the beginning, view the slides individually and listen to the recordings where needed, and scroll back and forth through the slides at your own pace).

Just like with any tool, its value is not maximized when its usage is minimized. I encourage my students in traditional sections to attend class. Similarly, I expect you to access the resources at the beginning of each week. The topics within each chapter are further divided into discrete sections with succinct presentations.

This course is designed with the needs of distance learners in mind. The course content, instructional support services, weekly assessments, and communication with instructors can all occur online.

**Student Participation Requirements**

Because this is a distance-education course, your attendance is based on your online activity and participation. The following is a summary of everyone’s expected participation:

- **Logging in**: **AT LEAST TWICE PER WEEK**
  Be sure you are logging into the course in Carmen each week, including weeks with holidays or weeks with minimal online course activity. (During most weeks you will probably log in many times.) If you have a situation that might cause you to miss an entire week of class, discuss it with me as soon as possible.

- **Strategically Placed Checkpoints**: **REQUIRED AND COMPLETE THEM AS THEY APPEAR**
  Each cluster of topics has a corresponding set of questions pertaining to the material presented. These items provide short, quick reviews of key concepts presented in the
lectures. Completion and accuracy of your answers also counts towards 5% of the overall 10% of Participation in Virtual Learning.

Other Course Policies and Resources

Accommodations for Extenuating Circumstances

Opportunities to Complete Assessments Beyond Initial Due Dates
The established windows of availability provide ample opportunity for administration and submission of all assessments. The inability to take any assessment must be supported with legitimate 3rd party documentation and the request must be received before a deadline passes.

Grade Appeals
The TA and I will be fair in evaluating your work. If you believe there is a discrepancy, then please describe the situation in writing and submit to both of us for review.

Student Responsibility
You are responsible for your learning. Distance courses afford flexibility in how you learn, but it is critical that you manage your time and invest a minimum of 9 hours weekly in this course. Please seek assistance in managing any non-academic responsibilities prior to any potential for under-performance.

Successful students perform a variety of positive academic behaviors like: reviewing Carmen twice a week, reviewing the weekly learning units the first half of each week, and completing all homework assignments and quizzes during the second half of each week.

Academic Integrity Policy

Policies for this Online Course

- **Quizzes and exams**: You must complete the exams yourself, without any external help or communication. Biweekly quizzes should also be completed on your own, but you do have the option to reference our course materials.

- **Homework, recitations, and checkpoints**: For these assignments, feel free to discuss ideas with others but make sure you are turning in your own work.

It is the responsibility of the Committee on Academic Misconduct to investigate or establish procedures for the investigation of all reported cases of student academic misconduct. The term “academic misconduct” includes all forms of student academic misconduct wherever committed; illustrated by, but not limited to, cases of plagiarism and dishonest practices in connection with examinations. Instructors shall report all instances of alleged academic misconduct to the committee (Faculty Rule 3335-5-487). For additional information, see the Code of Student Conduct [http://studentlife.osu.edu/csc/](http://studentlife.osu.edu/csc/).

The Ohio State University’s *Code of Student Conduct* (Section 3335-23-04) defines academic misconduct as: “Any activity that tends to compromise the academic integrity of the University, or subvert the educational process.” Examples of academic misconduct include (but are not limited to) plagiarism, collusion (unauthorized collaboration), copying the work of another
student, and possession of unauthorized materials during an examination. Ignorance of the University’s *Code of Student Conduct* is never considered an “excuse” for academic misconduct, so I recommend that you review the *Code of Student Conduct* and, specifically, the sections dealing with academic misconduct. [http://studentlife.osu.edu/csc/](http://studentlife.osu.edu/csc/).

If I suspect that a student has committed academic misconduct in this course, I am obligated by University Rules to report my suspicions to the Committee on Academic Misconduct. If COAM determines that you have violated the University’s *Code of Student Conduct* (i.e., committed academic misconduct), the sanctions for the misconduct could include a failing grade in this course and suspension or dismissal from the University. In short, if you are considering doing something that might be unethical, then resist and refrain from pursuing it. This will help you in college and well-beyond.

If you have any questions about the above policy or what constitutes academic misconduct in this course, please contact me. Other sources of information on academic misconduct (integrity) to which you can refer include:

- The Committee on Academic Misconduct web pages ([COAM Home](http://studentlife.osu.edu/csc/))
- *Ten Suggestions for Preserving Academic Integrity* ([Ten Suggestions](http://studentlife.osu.edu/csc/))
- *Eight Cardinal Rules of Academic Integrity* ([www.northwestern.edu/uacc/8cards.htm](http://www.northwestern.edu/uacc/8cards.htm))

**Copyright Disclaimer**

The materials used in connection with this course may be subject to copyright protection and are only for the use of students officially enrolled in the course for the educational purposes associated with the course. Copyright law must be considered before copying, retaining, or disseminating materials outside of the course.

**Accessibility Accommodations for Students with Disabilities**

The university strives to make all learning experiences as accessible as possible. In light of the current pandemic, students seeking to request COVID-related accommodations may do so through the university’s [request process](http://studentlife.osu.edu/csc/), managed by Student Life Disability Services. If you anticipate or experience academic barriers based on your disability (including mental health, chronic, or temporary medical conditions), please let me know immediately so that we can privately discuss options. To establish reasonable accommodations, I may request that you register with Student Life Disability Services. After registration, make arrangements with me as soon as possible to discuss your accommodations so that they may be
implemented in a timely fashion. SLDS contact information: slds@osu.edu; 614-292-3307; slds.osu.edu; 098 Baker Hall, 113 W. 12th Avenue.

Accessibility of Course Technology
This online course requires use of Carmen (Ohio State's learning management system) and other online communication and multimedia tools. If you need additional services to use these technologies, please request accommodations with me.

- Carmen Canvas
- Streaming audio and video
- Synchronous course tools

Student Academic Services
Student academic services offered on the OSU main campus: http://advising.osu.edu/welcome.shtml.

Student Support Services
Student support services offered on the OSU main campus: http://ssc.osu.edu.

Other Student Resources
Mental Health
As a student you may experience a range of issues that can cause barriers to learning, such as strained relationships, increased anxiety, alcohol/drug problems, feeling down, difficulty concentrating and/or lack of motivation. These mental health concerns or stressful events may lead to diminished academic performance or reduce a student’s ability to participate in daily activities. The Ohio State University offers services to assist you with addressing these and other concerns you may be experiencing. If you or someone you know are suffering from any of the aforementioned conditions, you can learn more about the broad range of confidential mental health services available on campus via the Office of Student Life’s Counseling and Consultation Service (CCS) by visiting ccs.osu.edu or calling 614-292-5766. CCS is located on the 4th Floor of the Younkin Success Center and 10th Floor of Lincoln Tower. You can reach an on call counselor when CCS is closed at 614-292-5766 and 24 hour emergency help is also available through the 24/7 National Suicide Prevention Hotline at 1-800-273-TALK or at suicidepreventionlifeline.org.
Statement on Title IX
Title IX makes it clear that violence and harassment based on sex and gender are Civil Rights offenses subject to the same kinds of accountability and the same kinds of support applied to offenses against other protected categories (e.g., race). If you or someone you know has been sexually harassed or assaulted, you may find the appropriate resources at http://titleix.osu.edu or by contacting the Ohio State Title IX Coordinator, Kellie Brennan, at titleix@osu.edu

Diversity
The Ohio State University affirms the importance and value of diversity in the student body. Our programs and curricula reflect our multicultural society and global economy and seek to provide opportunities for students to learn more about persons who are different from them. We are committed to maintaining a community that recognizes and values the inherent worth and dignity of every person; fosters sensitivity, understanding, and mutual respect among each member of our community; and encourages each individual to strive to reach his or her own potential. Discrimination against any individual based upon protected status, which is defined as age, color, disability, gender identity or expression, national origin, race, religion, sex, sexual orientation, or veteran status, is prohibited.

COVID Health and Safety Requirements
All students, faculty, and staff are required to comply with and stay up-to-date on all university safety and health guidance (https://safeandhealthy.osu.edu), which includes wearing a face mask in any indoor space and maintaining a safe physical distance at all times. Students are to complete daily health checks and to self-isolate if running a fever or are symptomatic in other ways. Non-compliance will be warned first and disciplinary actions will be taken for repeated offenses.

The Ohio State University Wexner Medical Center’s Coronavirus Outbreak site (https://wexnermedical.osu.edu/features/coronavirus) includes the latest information about COVID-19 as well as guidance for students, faculty and staff.

Disclaimer
This syllabus should be taken as a reliable guide for the course content. However, you cannot claim any rights from it and in particular we reserve the right to change due dates or the methods of grading and/or assessment if necessary. Any changes will be communicated to you through official course announcements.
