## Course website

All course materials are kept on Carmen <http://carmen.osu.edu>.

## Homework

There will be 9-11 homework assignments each containing 5-10 problems. All assignments are due by 12:00 noon on the date specified. NO late homework will be accepted. Instead, your lowest homework grade will be dropped from the final homework average. While the main

purpose of homework is to be sure you understand the concepts and practice the techniques, homework will also be graded. It is your job to make your homework easy to grade. Problems that are out of order or with parts not clearly identified may not receive full credit. Homework you submit should be your own and should demonstrate your personal understanding of the problems, although I encourage you to work together in solving the problems. Feel free to ask me for help after you have made an attempt to solve the problems.

## Evaluation

Your final grade for this course will be determined by your performance on homework, the midterm, and final exam. The weights for each are as follows:

Individual Homework	15 %
Exam I	25 %
Exam II	30 %
Final Exam	30 %

## Exam schedule

There will be three exams for this course. All are closed book and closed notes. You could bring a calculator to the exam, but no use of cell phones or other communication devices will be allowed. The exams are **TENTATIVELY** scheduled for:
